

BAHAMAS POWER AND LIGHT COMPANY LTD.
VACANCY NOTICE

VN. NO. 2023-25

TECHNICAL TRAINER – MECHANICAL

A vacancy exists in the Company for the position of **Technical Trainer – Mechanical**, Training Department, Human Resources Division.

The Position

The job has responsibility for the technical instruction (mechanical engineering, plant maintenance, workshop, gas turbines and diesel operations) of employees from all engineering departments within the Corporation. This includes basic skills and full technician diploma training.

Responsibilities of the position include, but are not limited to, the following:

- Providing instructions and training in engineering trade skills for the corporation's employees. This includes basic training in craft and technician stages.
- Preparing candidates for external examination certification by local and overseas organizations.
- Providing instructions on developing safe and efficient work habits.
- Providing instructions to participants in classroom, workshops and job environments.
- Preparing program criteria and marking schemes for trade testing in mechanical based trades.
- Identifying, developing and delivering engineering courses i.e., diesel generator operators.
- Preparing timetables and examination schedules for visiting external examiners.
- Evaluating, records and reports on the progress of students attending training courses.
- Preparing course notes, training aids, evaluation and marking schemes for all courses.
- Performing other related duties as assigned.

Job requirements include:

- Bachelor's Degree or OND in Engineering or equivalent qualifications.
- A minimum of 10 years' experience in an industrial training setting.
- Sound technical knowledge and skills related to mechanical engineering principles. This includes workshop and machine shop skills, operation and repair of a wide range of diesel and gas turbine plant, and boilers and power station plant equipment.
- Good judgement and sound reasoning ability.
- Good time management skills.
- Oral and written communication skills
- Ability to keep current with newly installed or modified plant.
- Ability to read schematics and interpret technical reports and drawings, and troubleshoot technical activities.
- Computer skills.
- Good information transfer skills.

Interested persons should apply to Afuture@bplco.com on or before: **July 19, 2024.**

Only candidates meeting the criteria will be contacted.
